

NEW! Calderon Self-Molding Therapeutic Insoles

These specialty insoles are designed to help your feet remain friction free and relieve the pressure points of sensitive feet. These insoles may be used as a replacement insole for diabetic shoes or shoes with extra room to accommodate the thicker 5/16" insert.

Features: Premium Tri-Laminate Construction

- Soft moldable ProCell top layer is designed to relieve pressure areas of your foot.
- Poron™ midlayer reduces shock.z
- ProCell bottom support layer maintains correct shape.

Molds to shape with natural heat and pressure of your foot.

Replacement insole for most diabetic footwear.

Fits shoes with removable insoles.

Easily trims to exact fit with scissors.
